### CIRCULAR

The college has established a well-structured mentor mentee system. The institution has appointed mentors from among the full-time teachers to ensure exceptional levels of mentoring and coaching. Mentors give students with constant support, direction, and practical assistance. The aim of student mentoring is to assist all students to develop their skills and confidence. They must take responsibility for their own life and attain their academic and personal objectives.

This is to inform you that the college has prepared a list of mentees who have been assigned to mentors for the academic year 2023-2024. Mentors are instructed to provide guidance to the mentees assigned to them throughout the year. A list of mentors and their allotted mentees has been attached with this circular for their perusal.

Mentors are supposed to keep following things in their mind while performing their duties.

1. At the initial stages, your mentee may appear to be hesitant, unresponsive, and unappreciative of the mentor-mentee relationship. This guarded attitude is simply a manifestation of his/her insecurity about the relationship. The mentee's attitude will gradually take a positive turn as he/she realizes your sincerity about being a good guide in terms of mentor.
2. Like any other relation mentor–mentee relationship has an initial phase. During this phase the mentee is more interested in getting to know how “real” you are and how much he/she can trust you. So give adequate time to buildup the mutual faith and trust.
3. Establish how you can reach your mentee: by phone, e-mail, or at a designated meeting location like class room/ tutorial room (most preferred). As far as possible all meetings should be scheduled in advanced and should be in notice to the HOD/Principal.
4. Don't try to be teacher, parent, disciplinarian and psychotherapist during mentor mentee meetings.
5. Don't criticize or preach. Think of ways to solve the problem together rather than lecturing or telling the mentee what to do. Never have a negative attitude towards your mentee.
6. Respect the uniqueness and honour the integrity of your mentee and influence him/her through constructive feedback.
7. Always explore positive and negative consequences of each and every point/matter/issue.
