SCSSS's Sitabai Thite College of Pharmacy organized webinar on "Explore the potential of pharmacy education".

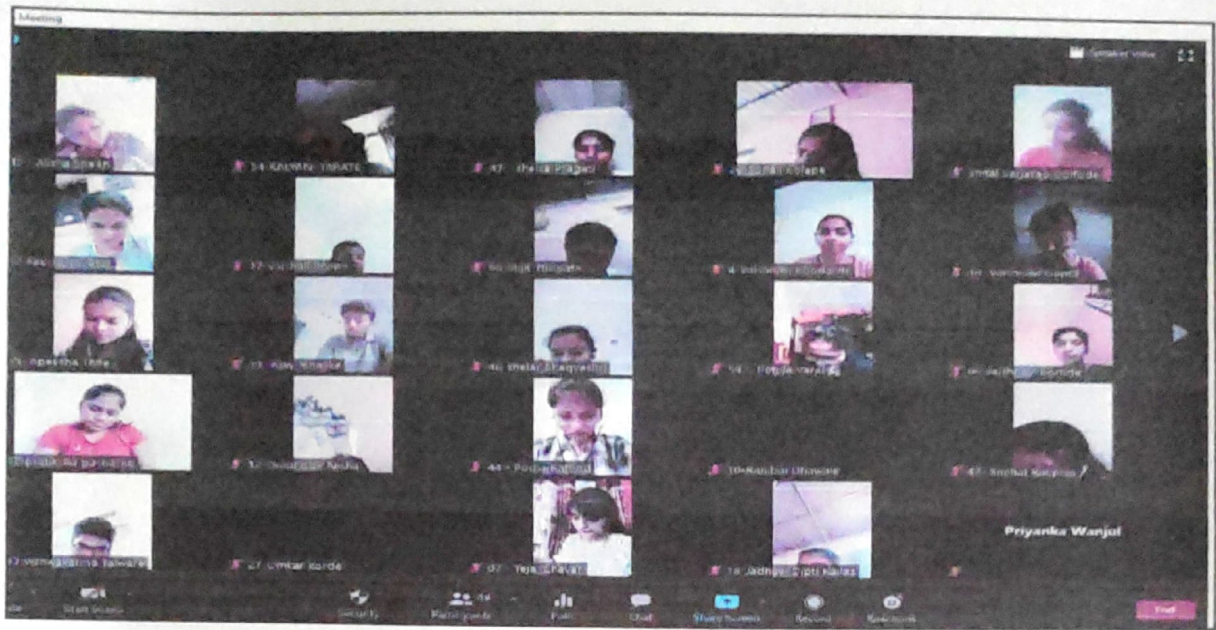

It was an enlightening session aimed at shedding light on the evolving landscape of pharmacy education.

**Dr. Kalaskar** commenced the webinar by providing a comprehensive overview of the current trends shaping pharmacy education. He highlighted the integration of technology, advancements in research methodologies, and the evolving role of pharmacist in healthcare systems globally.

A significant portion of the session was dedicated to discussing the importance of aligning pharmacy education with industry requirements. Dr. Kalaskar emphasized the need for a curriculum that not only imparts theoretical knowledge but also integrates practical skills, ensuring graduates are well-prepared for the demands of the pharmaceutical industry.

Dr. Kalaskar discussed the roles of simulations, case studies and hands on experiences in fostering a more practical and applied understanding of pharmaceutical concepts.

He discussed the importance of collaborative research initiatives and encouraged students to engage in projects that contribute to the field's knowledge base.
